PROFESSIONAL SUMMARY

Results-driven Flutter Developer with 4+ years of hands-on experience designing, developing, and deploying high-performance mobile applications for Android and iOS platforms. Proven expertise in building scalable, data-driven solutions using Flutter, Dart, Node.js, PHP, Firebase, RESTful APIs, HTML and CSS. Demonstrated ability to integrate third-party APIs, optimize application performance, and implement responsive UI/UX designs. Adept at collaborating with cross-functional teams in Agile environments to deliver reliable digital products and business-focused solutions.

CORE COMPETENCIES

Mobile Development:

- Flutter & Dart (Primary Expertise)
- Cross-Platform Development (iOS/Android)
- Flutter Version Control (FVC)
- Mobile Sensor Integration
- Performance Optimization & Debugging

Technical Proficiencies:

- Programming:** Dart, C, Java, JavaScript
- Frontend:** Flutter Framework, HTML, CSS
- Backend & APIs:** Node.js, Firebase, PHP, RESTful APIs, Third-Party Integration
- Tools:** Git, GitHub
- Methodologies:** Agile Development, CI/CD

Additional Skills: Google Map Integration, Push Notifications, Payment Gateway Integration, State Management (GetX), Responsive Design, Data Structures & Algorithms, Version Control & Workflow Management

PROFESSIONAL EXPERIENCE

Vsafe Software Pvt Ltd | Flutter Developer

Mar 2026 – Present

- Developing and maintaining cross-platform Flutter applications for Android and iOS with scalable architecture and responsive user interfaces.
- Integrating REST APIs and backend services, resolving application issues, and improving performance across production releases.
- Collaborating with backend, design, QA, and product teams throughout development, testing, deployment, and support.

Rafts and Rivers LLC | Flutter Developer

Apr 2022 – Feb 2026

- Developed and maintained multiple production-ready Flutter applications across Android and iOS platforms.
- Architected and implemented complex features including real-time API integrations, payment gateway functionality, and interactive UI components using GetX for efficient state management.
- Optimized application performance by identifying bottlenecks and implementing caching and API-flow improvements.
- Integrated third-party services including Google Maps API, Firebase authentication, push notifications, and backend-driven workflows.
- Collaborated with cross-functional teams in Agile sprints to deliver projects on schedule while maintaining code quality standards.

Madhesiya Software Pvt Ltd | Flutter Developer Intern

Oct 2021 – Mar 2022

- Completed 6-month intensive internship program focused on Flutter mobile application development and software engineering best practices.
- Contributed to client-facing mobile applications across requirement analysis, development, API integration, testing, and deployment.
- Gained hands-on experience with Dart programming, Flutter widgets, API integration, and responsive design principles.
- Worked collaboratively with senior developers to resolve technical challenges and implement feature enhancements.

KEY PROJECTS & ACHIEVEMENTS

Crux Flutter Play Store | *Flutter, Dart, GetX, Firebase*

- Engineered a comprehensive start-up platform integrating project management, team communication, and analytics tools.
- Implemented GetX state management and integrated third-party APIs for real-time data-driven functionality.

Kabia Travels | *Flutter, PHP, Play Store*

- Developed an intelligent travel planning application featuring personalized itineraries, local recommendations, booking integration, and payment functionality.

SPEAXA | *Flutter, Node.js, HTML, CSS, REST APIs* | [Website](#) | [Play Store](#)

- Developed a multi-role education platform supporting digital learning workflows for teachers, students, parents, and administrators.
- Built Flutter mobile experiences integrated with Node.js/REST APIs and web components using HTML and CSS.
- Implemented class/session workflows, course and batch management, attendance, assignments/assessments, notifications, progress tracking, reports, and role-based dashboards.
- Supported interactive learning and teacher-led workflows with backend-driven data synchronization and responsive interfaces.

Human Heal | *Flutter, Play Store* | [Play Store](#)

- Developed a service-focused mobile platform that enables users to explore trusted services, book appointments, track requests, access important information, and review previous activity in one place.
- Designed simple and organized booking, consultation, and activity-management flows focused on convenience and user-friendly navigation.
- Implemented user-data and booking-preference workflows with privacy, transparency, communication controls, and secure handling principles in mind.

Cash Panther & Cash Leo | *Flutter, Play Store*

- Created gamification applications offering rewarding experiences through task completion, gaming, and daily leaderboard participation.
- Developed reward accumulation and in-app purchase functionality with responsive interfaces across device types.

Cruxx News | *Flutter, Play Store*

- Delivered a concise news aggregation platform providing real-time updates on stocks, markets, cryptocurrencies, and global events.
- Designed responsive application architecture for seamless performance across various device configurations.

EDUCATION

Master of Computer Application (MCA) <i>Galgotias University, Greater Noida</i> Percentage: 83%	July 2022 – July 2024
Bachelor of Computer Application (BCA) <i>Integral University, Lucknow</i> Percentage: 86.15%	July 2019 – July 2022
Intermediate (Class 12) <i>Lucknow Public School, Madhoganj</i> Percentage: 78.40%	July 2018 – July 2019
High School (Class 10) <i>Lucknow Public School, Madhoganj</i> Percentage: 87.83%	July 2016 – July 2017

CERTIFICATIONS & PROFESSIONAL DEVELOPMENT

- ✓ **Problem-Solving Excellence:** Solved 50+ Java and front-end development tasks/questions across multiple coding platforms.
- ✓ **Data Structures & Algorithms Proficiency:** Practiced daily DSA challenges and solved 70+ questions on GeeksforGeeks, LeetCode, and HackerRank.
